Columbia Gas Construction Project

Hopewell, Virginia – Columbia Gas Main Installation

Columbia Gas will resume the gas main installation project on Friday January 20, 2023 from 7:00 pm to 5:30 am.

Construction will take place at the intersection of Rev. CW Harris St. and Route 10. Rev CW Harris St. will be closed on the south side of Route 10 beside the Red Barn convenience store and traffic will be diverted towards Winston Churchill Drive.

This closure will be in conjunction with the current closure of City Point Rd and Rev. CW Harris St. where traffic is being detoured down Hopewell St.

The Hopewell City Police will be onsite to assist with the detour.

Proper traffic controls will be in place in accordance with VDOT standards.

If you would like additional information about the Columbia Gas main installation, please contact Maurice Wilkins, Interim-City Engineer at (804) 541-2374. The daily on-site inspector is Tim Bell at (804) 541-2231.

Note: This media release has been distributed to citizens for FOIA notification.
